

DEPARTMENT OF ANESTHESIOLOGY

Guelph General Hospital is a 216-bed hospital with 24 bed closed ICU and stepdown units. We offer a wide range of both adult and paediatric surgical services including designated busy regional vascular and bariatric programs. The department of Anesthesiology is well equipped with all modern pharmaceuticals and state-of-the art anesthesia equipment. Our call assignment usually averages 1:7, allowing a great work-life balance. The department also provides a dedicated obstetrical anesthesia coverage on Monday to Friday basis, for which the on-call Anesthesiologist receives additional stipend from the hospital. Our position also offers an enormous teaching opportunity through an optional academic appointment at McMaster University. Our department has recently integrated the role of Anesthesia Assistants in order to support many aspects of our services.

Guelph is a growing university community with over 145,000 residents and is centrally located in south western Ontario with easy access to several large urban centres including the Greater Toronto Area, Hamilton, London and Kitchener-Waterloo. Guelph is consistently rated as one of Canada's best and safest places to live and to raise a family.

The Department of Anaesthesiology is currently seeking highly motivated Anesthesiologists (full time or part time) to join a group of 13 Anesthesiologists, sharing all clinical duties including on call assignments, according to the following terms:

1. Successful Candidates are expected to join the department in 2024.
2. Candidates must be FRCPC certified and eligible for independent registration with CPSO at the time of commencing clinical duties at Guelph General Hospital.
3. Canadian postgraduate 5th year residents (PGY5) are welcome to apply provided that they will meet all the conditions outlined above.
4. According to GGH bylaws, this position is designated as a locum 3 with promotion to an associate status after one year of probation.
5. This position is an independent fee for service structure for OHIP billing plus applicable on call stipend.

Interested applicants are required to submit an updated CV, letter of intent, and name three references. Applications that do not meet the above conditions will not be considered.
