

The **Life** you have been **working** for.....

ANESTHESIOLOGY at BCHS

Brant Community Healthcare System, a 260-bed acute care facility boasting stable, state-of-the-art Programs within a team environment and with a dedicated staff that ensures high-level, patient-focused care.

Take this outstanding opportunity to experience the exceptional quality of life that is unique to Brantford. Located in the picturesque Grand River Valley 20 minutes west of Hamilton, our community offers outstanding recreational opportunities. In April, 2018, Maclean's listed Brantford, Ontario as the "best city in Canada to buy real estate!" www.macleans.ca/economy/realestateconomy/why-everyone-should-buy-real-estate-in-brantford. In addition to local culture, arts and entertainment, you can easily access the diversity of large urban centres such as Toronto, Hamilton, London and Kitchener. Seven major universities are within commuting distance.

Our Anaesthesiology Department covers a variety of work both in and outside of the Operating Rooms. The Anaesthesiologists provide care of patients in a variety of surgical specialties including general surgery, urology, orthopedics, gynecology, endoscopy and some pediatrics and ENT. Our site supports obstetrical care for an average of 1500 deliveries per year. Our aim is to have a department with staff numbers and mix in order to ensure a flexible schedule and a good work-life balance. Affiliation with McMaster University Faculty of Health Sciences promotes continuing education, teaching and research opportunities.

Applicants must have certification from the Royal College of Physicians and Surgeons of Canada or equivalent certification in anesthesia, and be eligible for a licence to practise in Ontario.
